IMPROVISATION - COMEDY - THEATRE - ACTING

Offering a complete collection of techniques, tips, and practical exercises from 25 years of experience, *Improv for Everyone* will not make you funny—but it will give you step-by-step methods to create genuine scenes. This is a book for those improvisers who love improv and want to improve to love you back. You could try to figure out this improv stuff on your own, or you could just read this book.

"He gets to the very core of what makes improv both beautiful and hilarious. This is an incredibly helpful and inspiring book on the art of improvisation. Highly recommended!"
—**Joey Eveleth**

"Out of his deep respect and love for the craft, Greg Tavares has crafted a detailed, user-friendly guide to improv comedy based on his 20+ years of experience. This book is for anyone who wants to take deeper into improv theory and take their understanding to the next level. Having performed beside Greg many times at Theatre 99, I can truly say that Greg practices what he preaches. He is a generous performer, teacher, and man. Read this book!"
—**Kameron Pokras**

"I have long had a theory that great improv can happen anywhere, far away from the traditional centers in Chicago, New York, and L.A. Imagine my joy at meeting Greg Tavares and having my theory proven absolutely correct. His work, and the work of his colleagues at Theatre 99, is world-class. Many of his speeches address improv challenges from a new angle. This book is a fresh look at the 40-year-old art form, and it couldn't have come at a better time."
—**Jim Bernard**
