

DESCRIPTION
A comprehensive manual for feeding babies and toddlers during the crucial first years of life, written by a team of medical experts who are also parents.

The choice of what, how, and when to feed our baby can be overwhelming. With *The Pediatrician's Guide to Feeding Babies and Toddlers*, you have the expertise of a team of pediatric medical and nutritional experts who are happy to provide you with the answers you need. The book covers everything from the basics of feeding to the most advanced and complex issues, such as allergies, picky eating, and more. The book is written by a team of experts who are also parents, so you can trust the information. Based on the latest pediatric guidelines, the book will allow you to approach feeding with confidence and ease. [Click here to download or read this book.](#)

Pregnancy Nutrition: Before, During, & After Eating Tips by Best Selling author Cathy Wilson, is the second book of her 3 book introductory pregnancy series. The first is *Best Selling Expecting Your First Baby: First Pregnancy Ultimate Guide*.

Pregnancy Nutrition provides the answers to all your nutrition questions when expecting a baby.

KEY FACTOR - How you fuel your body before, during, and after delivery is vital to the health and wellness of mom and baby. Wilson guides you through the process of making smart nutritional food choices that give your body the energy, stamina, and strength that's necessary to get through pregnancy positively.

VIP - The health of you and your baby is **TOP PRIORITY!** Wilson is an expert in pregnancy and neonatal nutrition. She combines this with personal experience **SIX** times over, to give you the basics of what nutrients your body needs, in what amounts, why, and how you can provide them easily.

Some of what Wilson covers:

- ✓ Key nutrients your body needs and why
- ✓ Superfoods to eat while pregnant
- ✓ Sample meal plan
- ✓ Listeria facture
- ✓ Foods to avoid in pregnancy
- ✓ Tips to ease morning sickness
